The Best of Them All in Eastern Michigan

..The Imlay City Fair..

September 28, 29, 30, October 1, 1915

More novel features, more free entertainments, more comfort but no advance in price of admission. It is a fact, conceded by all who ever attended, that Imlay City Fair gives more than any other fair in Michigan

6 Big Horse Races--\$1300 In Purses

The World's Greatest Sensation

A death-defying race, without a counterpart in all the world. Nothing like it ever seen in the state. This is the only place in the state where it will be seen this year. Looping the loop, without a loop, turning three somersaults in succession in mid-air and leaping Death Chasm. Two automobiles dashing down this perilous incline with its human freight at the rate of 120 miles per hour. The autos pass in the air. More sensational, more attractive than a railroad collision. This wonderful act will take place in front of the grandstand twice each afternoon, Sept. 29-30 and Oct. 1. A sight of a lifetime. To see this is alone worth the price of admission. Come yourself and bring your friends and neighbors. It is FREE to all.

Base Ball Wednesday-Lum-Goodland vs. Emmett Thursday-Romeo vs. Brown City Friday-Marlette vs. Amada Games called each day at 2 p. m.

PRICE OF ADMISSION--Season Ticket, good to make entrance, admits husband and wife, \$1.00. This admits auto and rig free. Single registered ticket, good to entire fair, 50c. Single admission, 25c. Rigs and autos 25c. School children 10 yrs. and under, free.

Take the new Electric Line cars to the Fair Grounds. Special service during entire Fair from up town. A parcel check Room has been built for the convenience of patrons. Check your packages and you know they are secure. Write to Secretary for information and premium lists.

HERE AND THERE

Croswell and North Branch fairs next week.

Peck will have a lecture course of four numbers this winter.

Lanette township, Sanilac county, had fifteen cases of diphtheria last week and two deaths.

Alex. Paton, son of Wm. W. Paton, of Almont, died last week of tuberculosis, aged 30 years.

Brown City has lost another rural mail route and now has five left. Each of these will be increased by several miles.

Some sneak thief stole thirty pieces of corrugated steel bridge cover from a pile at the side of the road near Brown City.

The two mail routes out of Fostoria are to be discontinued after October 1 and the people are indignant, over what they call an injustice.

Saturday, September 25 is the date for Brown City's "Annual Dollar Day Sale." All the merchants cooperate in giving bargains on this day.

Trouble has occurred in the M. E. church in Imlay City between pastor and people and the church is divided into factions. Rev. James Mitchell is the pastor.

The eleven surviving members of Company E, 22nd Michigan Infantry and their families held a pleasant reunion with Mr. and Mrs. D. P. Ingles, of St. Clair, last week.

The Lapeer Clarion gives the picture of Joe Knight, colored, who has rung the bell of the high school at the beginning of each year, for the fortieth time. Here's a man who stuck to his job.

Herbert Rounds, one of the students who enrolled at the Warner Pharmacy school in Sandusky, was called to join his regiment in the Canadian militia last Friday. As he is an officer in the militia he left at once.

Mr. and Mrs. Henry R. Johnson, who have resided in Lexington a great many years, celebrated the fiftieth anniversary of their marriage September 2. Relatives were present from California, Canada and Michigan.

St. Clair is being organized into what is known as a "Community Council" as promoted by the American Civil Institute. Wyandotte and Marshall have adopted this system and other Michigan towns are considering it.

Peck has lost its one and only rural route and the territory will be supplied from Applegate, Sandusky and Melvin. Oh no, Peck people won't give it up without a struggle but what's the use. Up there, they had the audacity to think that when the railroad reached them, one or two more routes would be added but the idea proved only suppositions. However the shock came when the one was pulled.

After being closed for four years the Oakland Hotel near St. Clair has been sold to Bay City and Detroit parties. The interior will be cleaned up, the furniture sold, the building torn down and the land platted into building lots, excepting that portion where the Salutaris well is. It is understood that the mineral springs will be developed and Salutaris, the once famous table water, will be again put upon the market.

M. E. Church Notes.

WALDEN GEACH, PASTOR
Rev. Geach is attending the conference at Port Huron this week. No preaching service Sunday, but the Bible school as usual at 11 o'clock.

Attention! Every one ready for every service. Let us go forward. Never want a retreat. The needs of our Sunday school demand close attention and faithful attendance upon the part of every member every Sunday. Ready! Forward! A bigger and better school.

The primary department are doing well but can do better. Regret was felt by every member of the class because of some absent last Sunday. Please be present next Sunday.

The Hold On Class are true to their name. We meet every Sunday. Join us.

Mrs. Geach and daughter Florence leave for Port Huron Thursday to attend the conference.

Effective Sept. 21.

Commencing Sept. 21, Rapid Railway limited cars will leave Port Huron for Detroit at 7:35 a. m. and every two hours to 7:35 p. m., eastern standard time, one hour later than the limiteds have operated under the timetable effective through the summer season. Similarly, limited cars for Port Huron will leave Detroit one hour later than heretofore. The change will make possible close connections at Port Huron with Pere Marquette trains from the north. A. D. B. Van Zandt.

Work of County Agriculturist

The work of a county agriculturist is very much like farming itself in many respects. There are many weeks when there is a great deal accomplished and it is a pleasant task to write about the work, then there are times, like last week, when the end of the week finds the work about where it was at the beginning. The early part was rainy and was of necessity devoted to office work.

Wednesday and Thursday was spent at the State Fair, and one day was lost on account of sickness.

It is the plan of this office, however, to give the public an accurate account of the work each week regardless of whether much or little has been accomplished, and a copy of these weekly accounts kept in the office furnishes a complete record of the work throughout the year. From this standpoint alone the results are well worth the effort.

Such institutions as the State Fair serve to mark progress each year that all the different enterprises which go to make up the life of a state have made, and it is there that the visitor can see and learn in a day what would otherwise require weeks of time and many miles of travel to accomplish.

A fair in St. Clair county ought to be an annual and permanent institution so that many of the advantages of the State Fair could be brought nearer home and enjoyed by all of the people of the county. The history of such enterprises as the Jackson, Hillsdale and Benton Harbor Fairs would indicate that a similar undertaking properly conducted, at Port Huron would not only draw people and exhibits from St. Clair County, but from the whole Thumb district as well. The stimulus it would give to the breeding of improved live stock, and the improvement of agriculture in general cannot be estimated. C. L. Brody, County Agent

OBITUARY.

Allen Ferguson, whose death occurred last Friday, September 10th, was a pioneer of Brockway township, having moved here 59 years ago.

He was born at Tilsonburg, Ont., in 1849, therefore being 66 years of age at the time of death.

Al, as he was generally known, came to Brockway Center, now Yale, with his parents when this section of the state was a wilderness. His father, Vint Ferguson, for many years kept the first hotel where the old Hapley House stood. Then moved onto the farm east of here now owned by Chas. Ferguson. Next moved into Greenwood onto the farm where he died a number of years ago.

Al was a great lover of horses, especially in his younger years, and also hunting all kinds of game which was plentiful then. Those happy days were many times recalled as he grew older.

He leaves one brother and four sisters--Mrs. E. M. Haviland, California; Mrs. Ella Black, Tacoma, Wash.; Mrs. Frances Saunders, Greenwood; Mrs. Emma Sumner, Wayne, N. Y.; S. V. Ferguson, Wisconsin.

The funeral services were held in the M. P. church, Yale, Sunday afternoon, Rev. Chas. Bragg officiating. Interment in Elmwood cemetery.

COMING BACK TO Brown City, Michigan

UNITED DOCTORS SPECIALIST will again be at the

CARROL HOUSE

Tuesday, September 28, 1915

ONE DAY ONLY

Hours 10 a. m. to 8 p. m.

Remarkable Success of These Talented Physicians in the Treatment of Chronic Diseases

Offer Their Services Free of Charge.

The United Doctors, licensed by the State of Michigan for the treatment of deformities and all nervous and chronic diseases of men, women and children offer to all who call on this trip, consultation, examination, advice free, making no charge whatever, except the actual cost of treatment. All that is asked in return for these valuable services is that every person treated will state the obtained results to their friends and thus prove to the sick and afflicted in every city and locality, that at last treatments have been discovered that are reasonably sure and certain in their effect.

These doctors are among America's leading stomach and nerve specialists and are experts in the treatment of chronic diseases and so great and wonderful have been their results that in many cases it is hard to find the dividing line between skill and miracle.

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys, or bladder, rheumatism, sciatica, diabetes, bed-wetting, tape worm, leg ulcers, weak lungs and those afflicted with long-standing, deep seated, chronic diseases, that have baffled the family physicians, should not fail to call. Deafness often has been cured in sixty days.

According to their system no more operations for appendicitis, gall stones, tumors, goiter, piles, etc., as these diseases are treated without operation or hypodermic injection.

They were among the first in America to earn the name of "Bloodless Surgeons," by doing away with the knife with blood and with all pain in the successful treatment of these dangerous diseases.

If you have kidney or bladder trouble bring a two ounce bottle of your urine for chemical analysis and microscopic examination.

No matter what your ailment may be, no matter what others may have told you, no matter what experience you may have had with other physicians it will be to your advantage to see them at once. Have it forever settled in your mind. If your case is incurable they will give you such advice as may relieve and stay the disease. Do not put off this duty you owe yourself or friends or relatives who are suffering because of your sickness, as a visit at this time may help you.

Worn-out and run-down men or women, no matter what your ailment, consult them. It costs you nothing.

Remember, this last free offer is for this visit only.

To the Business Men of Yale

When a good salesman goes out after business, he first puts on a clean collar and gets his shoes shined. Then he looks like more business--and he's made a flying start toward getting it.

Likewise, a community can go after more business--and get it. The "clean collar and shiny shoes" of this town are the well-painted stores, the bright, cheery homes, the fresh, clean-looking buildings. The part paint plays in building up local pride cannot be put in figures--but its good effects are recorded on the local merchants' sale sheets. Buy good paint. We recommend and sell

Dutch Boy Eckstein White Lead

and pure linseed oil. We know of nothing else so satisfactory, so lasting and cheap in the long run. We sell all other paint necessities as well. Get in touch with us today.
